Save thousands of dollars a year on interest payments!

If nothing is done, starting July 1st student loan interest rates double from 3.4% to 6.8%.
Decrease your student loan interest rate to 0.75% by helping to pass Elizabeth Warren’s “Bank on Student Loan Fairness Act” before this deadline.

Give yourself a graduation present! Lower the interest rate on college loans to 0.75% by demanding that Congress vote on Senator Elizabeth Warren’s “Bank on Students” Act (S. 897). Predatory Wall Street banks get 0.75% on the loans they receive at the Federal Reserve’s “Discount Window” - students deserve this same low-rate!

Besides contacting your elected officials and telling them to support Senator Warren’s “Bank on Students” Act, you should also be demanding that your upcoming graduation commencement speeches be given by people who support this bill. (If they don’t support it, find someone else who does.) In addition, demand that your school President and College Board Memebers also support Senator Warren’s bill, for if they are truly interested in higher education there is no excuse why they shouldn’t.

This has the potential of being a once in a lifetime opportunity for a partial nationalization of the Federal Reserve. The last time the Federal Reserve was forced to open up its “Discount Window” to support anything other than BANKS was during World War II. The future of this generation is just as important.
